Dear Ms. Holland:

RE: USDA-FSIS-OPHS Midwestern Laboratory  
St. Louis, MO  
RCRA ID No. MO6123790002

On November 30, 2006, a representative of the U. S. Environmental Protection Agency (EPA) conducted a compliance assistance visit (CAV) of your facility. The CAV was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA). A copy of that CAV report is enclosed.

A Notice of Findings (NOF) was issued to your facility during the CAV. I have reviewed your December 14, 2006, response to the NOF and determined that it adequately addresses the issues listed in the NOF. Therefore, no further submittals are required at this time. Please note that EPA reserves its right to pursue appropriate enforcement actions, including penalties, for violations discovered as a result of any inspection, regardless of whether violations are subsequently corrected.

I encourage you to contact the Missouri Department of Natural Resources (MDNR) at (573) 751-3176 to ask any questions you may have regarding the regulations. To obtain a copy of MDNR's hazardous waste regulations, please contact the office of the Secretary of State, State Information Center, P.O. Box 778, Jefferson City, Missouri 65102, or at (573) 751-4015. The MDNR also maintains a web site at <http://www.dnr.state.mo.us>. If you have any questions regarding this letter, please feel free to contact James Terry at (913) 551-7958.

Sincerely,
